The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "attaching said board on said upper mold; generating melted resin in a cavity provided in said lower mold solely by melting a solid resin material in said lower mold cavity; immersing said electronic component in said melted resin in said lower mold cavity by closing said mold pair;" as recited in claims 1 and 4 respectively , and "generating melted resin on the main surface of said board and enclosing said electronic component in said melted resin only by heating and melting only said solid resin material in said mold cavity," as recited in claims 5 and 8 respectively.

Claims 2-4, 6-, 7, and 13 are also allowed as being dependent of the allowed independent base claim.

Conclusion

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
